

Available facilities' changes

Changes are proof for innovation and advancement, and we at SCIS have, not only studied the changes that makes us shine as an advanced educational institute, but also have implemented the changes in the most adequate, efficient, and modernizing approach.

Major changes of available facilities in one year:

1. The core subjects' books to the most updated books with all the digital rescores for teachers & students.
2. Developed our own learning management system (LMS).
3. Internet access has been added and easily accessed throughout the school premises.
4. HD security cameras installed inside and outside all of premises.
5. Up to date laptops have replaced the older PCs.
6. Kitchen equipment has been installed in kitchen room for cooking sessions.
7. Developed the school website
8. Basketball, handball, football & volleyball courts have been established according to the technical & safety international standards.
